

A message from our Patron The Hon. Tim Fischer AC

When I was invited to be Patron of the Four Seasons Fine Music Festival I had little idea that the festival would become so successful in its inaugural year. Enthusiasm is all very well but to turn that into a professional event, with nine concerts over four

seasons is remarkable.

The Director and the committee are to be congratulated on delivering on the promise of creating an inclusive festival for all the community to enjoy in two beautiful, historic churches in Creswick and Clunes.

Without the support of the sponsors and, of course, the patrons, it would be more difficult to deliver this exciting program.

The 2018 program has many excellent local, national and international musicians, one of the highlights being Greta Bradman's performance in June.

I encourage you to come and enjoy as many of the seasons as you can. I am confident you will not be disappointed.

Tim Fischer AC
Patron
